## FIXED MOUNT FOR VERIFONE VX690

**MSSPSTP10102**

SpacePole Stack Pole Black

**MSSPVER690MH02**

Multigrip plate to suit the Verifone VX690 pin pad

The SpacePole stack is compatible with Verifone VX690 through a specifically designed multigrip adaptor to allow the user the best experience. The softer rubber grips are installed to secure the VX690 and are compatible with all mounting systems. The multigrips are made from high-quality aluminium and compliment the stack. The SpacePole Stack allows for improved cable management; it is height adjustable with the ability to tilt 70° and rotate 310°.

## FIXED MOUNT FOR VERIFONE E355

**MSSPSTP10102**

SpacePole Stack Pole Black

**MSSPSPMC10502**

SpacePole M-Case for Verifone E355

The SpacePole stack is compatible with Verifone e355 mobile EFTPOS terminal when fitted into a mCase. The SpacePole stack allows for improved cable management; it is height adjustable with the ability to tilt 70° and rotate 310°.

This solution does not offer charging for the Verifone e355.

## QUICK RELEASE MECHANISM

**MSSPSPA10702**

SpacePole M-Case Quick Release Black

An optional Quick Release mechanism can be purchased separately and fitted to the Verifone e355 M-Case to allow for quick removal from the SpacePole Stack Pole/Base.

## VERIFONE E355 M-CASE

**MSSPSMC10502**

SpacePole M-Case for Verifone E355

The SpacePole M-Case for the Verifone e355 pin pad can be purchased on its own. It provides additional protection for the pin pad and is supplied with a lanyard and retractable cord allowing merchants to conveniently carry the pin pad around the store.

## PORTABLE CHARGING MOUNT FOR VERIFONE E355

<b>MSSPSTP10102</b>	OpenSpace Stack Pole Black
<b>MSSPSPMC10502</b>	OpenSpace M-Case for Verifone E355
<b>TBA</b>	OpenSpace Solo Charge Cradle

The OpenSpace solo is a charging docking station for the VeriFone e355 EFTPOS pin pad. When docked into the Openspace Solo, the Verifone e355 can be locked in placed with the optional keylock (sold separately). The open space solo enables both static and mobile payment solutions across the store, with one payment device.

## OPENSOURCE VARIO – MOBILE POS SOLUTION

<b>MSSPSPOS10517</b>	Hand Strap
<b>MSSPSPOSVA1000</b>	OpenSpace Vario Frame for iPad Mini
<b>MSSPSPMC10502</b>	OpenSpace M-Case for Verifone E355

The OpenSpace Vario sled is a new solution for tablet devices to support mobility in the workplace. This low profile tablet sled is designed specifically for the iPad mini however there are sleds available for other popular tablets. The Vario not only protects the tablet, it also enables the use of accessories including pouches, straps and quick release options for attaching mobile payment devices and other mobile technology. The M-Case fitted with the Verifone e355 pin pad will allow the business to maximise the use of the tablet no matter what location or environment the user is in.
